

December 3, 2015

Attention Sean Flynn President Connect Technology Group.

Dear Mr. Flynn,

I would like to express my compliments to your entire CTG organization for assisting OpenRoad Lending with our Audio Visual Systems and Critical Technology Infrastructure design and installation. Your team made this piece of our relocation seamless from start to finish. Your design build and value engineering for our AV systems is the best we have encountered through our past experiences.

Open Road Lending would recommend CTG to any end user, manufacture, architect and real estate company looking for a firm to assist them with consulting, design build, installation and maintenance for AV and Cabling.

Thanks again for all your efforts and tell your team job well done!

Sincerely,

Don L. Chapman
Chief Marketing Officer
